**Germany's most dependable car:
A 3-year-old European Ford.**

Ford Focus wins for Europe

The German TÜV, an authoritative industry body, controlling and approving quality standards of industrial and consumer products, declared the Ford Focus the industry leader in reliability for cars between one and three years old, in their 'Auto Report 2002'.

The Ford Focus is the first German-built car to secure this coveted No.1 position since 1987.

At last the Germans admit Ford make the most reliable cars!
