family cars aren't expected to be as comfortable as an executive car, and as agile as a coupé. they aren't expected to give you 40 mpg* yet still take you to 115 mph. they aren't expected to be as safe as a larger car. and they're certainly not expected to be stylish as well as spacious.

but this isn't any family car. it's the new fordfocus and it will change your expectations forever.
